Work History

Graphic Designer and Illustrator
Shahar Sinai   *November 2024 - January 2025*

- I designed and illustrated a series of psychology-themed cards featuring expressive drawings of figures in various poses paired with thought-provoking quotes using Photoshop and Procreate.

Storyboard Artist
Cowboy Productions   *August 2024 - September 2024*

- I worked as a storyboard artist contractor for a live - action commercial using Photoshop.

Children Book Illustrator
Liron Kol Rega   *July 2024 - September 2024*

- I worked in creating and drawing a series of illustrations that were featured in a children's book using Photoshop and Procreate
- The illustrated book was featured in major bookstores resulting in increased attendance at book readings.

Storyboard Artist
vfilmproductions   *January 2023 - September 2024*

- I worked as a storyboard artist and character design contractor for three award winning short movies using Photoshop and Toonboom
- I communicated ideas effectively through sketches, rough layouts, and final drawings, ensuring that the project met client expectations and industry standards.

3D Modeler
Navi Tech Aid   *March 2024 - April 2024*

- I worked as a contractor using Blender to create a 3D model and textures for a new medical product.

Storyboard Artist
Matan Zyfati   *August 2023 - September 2023*

- I served as a storyboard artist and character designer for a brief animated film, collaborating closely with the director and screenplay writer.

3D modeler
Pixelpie   *June 2022 - November 2022*

- I worked as a 6 month contractor using Blender to create 3D models and textures for a new mobile game, which included stadiums, trophies, icons, a variety of different animal characters, islands, etc.
